Master of Cyber Security #32 (Cryptography)

THE UNIVERSITY OF QUEENSLAND
AUSTRALIA
CREATE CHANGE

These study plans are a guide only for students commencing the Master of Cyber Security in 2023-2025 (#32 units). Please note that all course selections must adhere to the program course list outlined at UQ Courses and Programs. If you have any questions or concerns regarding your course selections, please speak with the School of EECS.

Sem 1 Commencement

Sem 1 (Feb)	CYBR7001 Fundamentals of Cyber Security (2 units)	CYBR7002 Information Security Essentials (2 units)	MATH7307 Linear & Abstract Algebra & Number Theory (2 units)	MATH7051 Calculus & Linear Algebra (2 units)
Sem 2 (July)	CRIM7080 Cyber Criminology & Global Security (2 units)	CYBR7003 Cyber Security Governance, Policy, Ethics & Law (2 units)	MATH7308 Discrete Mathematics II (2 units)	STAT7203 Applied Probability & Statistics (2 units)
Sem 1 (Feb)	MATH3302 Coding & Cyptography (2 units)	MATH7305 Applied Cryptography (2 units)	Program Elective (2 units)	CYBR7901 Capstone Project 1 (2 units)
Sem 2 (July)	MATH7306 Quantum Algorithms & Computing	Cryptography Elective (2 units)	CYBR7902 Capstone Project 2 (4 units)	

MCyberSec Core Courses: 8 units
Cryptography Compulsory Courses: 6 units
Cryptography Foundational Courses: 8 units
Cryptography Elective Courses: 2 units
Program Elective Courses: 2 units
MCyberSec Capstone Courses: 6 units

Sem 2 Commencement

Sem 2 (July)	CYBR7001 Fundamentals of Cyber Security (2 units)	CRIM7080 Cyber Criminology & Global Security (2 units)	MATH7308 Discrete Mathematics II (2 units)	STAT7203 Applied Probability & Statistics (2 units)
Sem 1 (Feb)	CYBR7002 Information Security Essentials (2 units)	CYBR7003 Cyber Security Governance, Policy, Ethics & Law (2 units)	MATH7307 Linear & Abstract Algebra & Number Theory (2 units)	MATH7051 Calculus & Linear Algebra (2 units)
Sem 2 (July)	MATH7306 Quantum Algorithms & Computing	Cryptography Elective (2 units)	Program Elective (2 units)	CYBR7901 Capstone Project 1 (2 units)
Sem 1 (Feb)	MATH3302 Coding & Cyptography (2 units)	MATH7305 Applied Cryptography (2 units)	CYBR7902 Capstone Project 2 (4 units)	

MCyberSec Core Courses: 8 units
Cryptography Compulsory Courses: 6 units
Cryptography Foundational Courses: 8 units
Cryptography Elective: 2 units
Program Elective: 2 units

MCyberSec Capstone Courses: 6 units

Master of Cyber Security #32 (Cyber Criminology)

THE UNIVERSITY OF QUEENSLAND
AUSTRALIA
CREATE CHANGE

These study plans are a guide only for students commencing the Master of Cyber Security in 2023-2025 (#32 units). Please note that all course selections must adhere to the program course list outlined at UQ Courses and Programs. If you have any questions or concerns regarding your course selections, please speak with the School of EECS.

Sem 1 Commencement

Sem 1 (Feb)	CYBR7001 Fundamentals of Cyber Security (2 units)	CYBR7002 Information Security Essentials (2 units)	CRIM7080 Cyber Criminology & Global Security (2 units)	CRIM7140 The Policy and Practice of Crime Control and Crime Prevention (2 units)
Sem 2 (July)	CYBR7003 Cyber Security Governance, Policy, Ethics & Law (2 units)	CRIM7000 Introduction to Criminology (2 units)	CRIM7119 Introduction to Criminal Justice (2 units)	CRIM7200 Policing and Society (2 units)
Sem 1 (Feb)	CRIM7010 Cyber Crime Foundations (2 units)	CRIM7060 Cyber Crime Offending (2 units)	Program Elective (2 units)	CYBR7901 Capstone Project 1 (2 units)
Sem 2 (July)	CRIM7090 Regulation, Investigation & Responses	Cyber Criminology Elective (2 units)	CYBR7902 Capstone Project 2 (4 units)	

MCyberSec Core Courses: 8 units
Cyber Criminology Compulsory Courses: 6 units
Cyber Criminology Foundational Courses: 8 units

Cyber Criminology Elective: 2 units
Program Elective: 2 units

MCyberSec Capstone Courses: 6 units

THE UNIVERSITY OF QUEENSLAND
AUSTRALIA
CREATE CHANGE

Sem 2 Commencement

Sem 2 (July)	CYBR7001 Fundamentals of Cyber Security (2 units)	CRIM7000 Introduction to Criminology (2 units)	CRIM7119 Introduction to Criminal Justice (2 units)	CRIM7200 Policing and Society (2 units)
Sem 1 (Feb)	CRIM7080 Cyber Criminology & Global Security (2 units)	CRIM7140 The Policy and Practice of Crime Control and Crime Prevention (2 units)	CRIM7010 Cyber Crime Foundations (2 units)	CRIM7060 Cyber Crime Offending (2 units)
Sem 2 (July)	CYBR7002 Information Security Essentials (2 units)	CYBR7003 Cyber Security Governance, Policy, Ethics & Law (2 units)	CRIM7090 Regulation, Investigation & Responses (2 units)	CYBR7901 Capstone Project 1 (2 units)
Sem 1 (Feb)	Cyber Criminology Elective (2 units)	Program Elective (2 units)	CYBR7902 Capstone Project 2 (4 units)	

MCyberSec Core Courses: 8 units
Cyber Criminology Compulsory Courses: 6 units
Cyber Criminology Foundational Courses: 8 units
Cyber Criminology Elective: 2 units
Program Elective: 2 units
MCyberSec Capstone Courses: 6 units

Master of Cyber Security #32 (Cyber Defence)

THE UNIVERSITY OF QUEENSLAND
AUSTRALIA
CREATE CHANGE

These study plans are a guide only for students commencing the Master of Cyber Security in 2023-2025 (#32 units). Please note that all course selections must adhere to the program course list outlined at UQ Courses and Programs. If you have any questions or concerns regarding your course selections, please speak with the School of EECS.

Sem 1 Commencement

Sem 1 (Feb)	CYBR7001 Fundamentals of Cyber Security (2 units)	INFS7901 Database Principles (2 units)	CSSE7030 Introduction to Software Engineering (2 units)	MATH7861 Discrete Mathematics (2 units)
Sem 2 (July)	CYBR7002 Information Security Essentials (2 units)	CYBR7003 Cyber Security Governance, Policy, Ethics & Law (2 units)	CSSE7231 Computer Systems Principles and Programming (2 units)	CRIM7080 Cyber Criminology & Global Security (2 units)
Sem 1 (Feb)	COMP3320 Vulnerability Assessment & Penetration Testing (2 units)	COMP7710 AI for Cyber Security (2 units)	Program Elective (2 units)	CYBR7901 Capstone Project 1 (2 units)
Sem 2 (July)	COMP7711 Cyber Incident Response (2 units)	Cyber Defence Elective (2 units)	CYBR7902 Capstone Project 2 (4 units)	

MCyberSec Core Courses: 8 units
Cyber Defence Compulsory Courses: 6 units
Cyber Defence Foundational Courses: 8 units
Cyber Defence Elective: 2 units
Program Elective: 2 units
MCyberSec Capstone Courses: 6 units

Sem 2 Commencement

Sem 2 (July)	CYBR7001 Fundamentals of Cyber Security (2 units)	CRIM7080 Cyber Criminology & Global Security (2 units)	CSSE7030 Introduction to Software Engineering (2 units)	MATH7861 Discrete Mathematics (2 units)
Sem 1 (Feb)	CYBR7002 Information Security Essentials (2 units)	CYBR7003 Cyber Security Governance, Policy, Ethics & Law (2 units)	CSSE7231 Computer Systems Principles and Programming (2 units)	INFS7901 Database Principles (2 units)
Sem 2 (July)	COMP7711 Cyber Incident Response (2 units)	Cyber Defence Elective (2 units)	Program Elective (2 units)	CYBR7901 Capstone Project 1 (2 units)
Sem 1 (Feb)	COMP3320 Vulnerability Assessment & Penetration Testing (2 units)	COMP7710 AI for Cyber Security (2 units)	CYBR7902 Capstone Project 2 (4 units)	

MCyberSec Core Courses: 8 units
Cyber Defence Compulsory Courses: 6 units
Cyber Defence Foundational Courses: 8 units
Cyber Defence Elective: 2 units
Program Elective: 2 units

MCyberSec Capstone Courses: 6 units

Master of Cyber Security #32 (Leadership)

THE UNIVERSITY OF QUEENSLAND
AUSTRALIA
CREATE CHANGE

These study plans are a guide only for students commencing the Master of Cyber Security in 2023-2025 (#32 units). Please note that all course selections must adhere to the program course list outlined at UQ Courses and Programs. If you have any questions or concerns regarding your course selections, please speak with the School of EECS.

Sem 1 Commencement

Sem 1 (Feb)	CYBR7001 Fundamentals of Cyber Security (2 units)	CYBR7002 Information Security Essentials (2 units)	MGTS7619 Leadership: Theory and Practice (2 units)	LAWS7023 Business and Corporate Law (2 units)
Sem 2 (July)	CRIM7080 Cyber Criminology & Global Security (2 units)	CYBR7003 Cyber Security Governance, Policy, Ethics & Law (2 units)	MGTS7303 Principles of Strategic Management (2 units)	MGTS7601 Managing Organisational Behaviour (2 units)
Sem 1 (Feb)	BISM7620 Cyber Security Risk Management & Control (2 units)	Leadership Elective (2 units)	Program Elective (2 units)	CYBR7901 Capstone Project 1 (2 units)
Sem 2 (July)	LAWS7026 Corporate Governance Law & Practice (2 units)	MGTS7635 Cyber Security Human Capital Leadership (2 units)	CYBR7902 Capstone Project 2 (4 units)	

MCyberSec Core Courses: 8 units
Leadership Compulsory Courses: 6 units
Leadership Foundational Courses: 8 units
Leadership Elective: 2units
Program elective: 2 units

MCyberSec Capstone Courses: 6 units

Sem 2 Commencement

Sem 2 (July)	CYBR7001 Fundamentals of Cyber Security (2 units)	CYBR7002 Information Security Essentials (2 units)	CYBR7003 Cyber Security Governance, Policy, Ethics & Law (2 units)	CRIM7080 Cyber Criminology & Global Security (2 units)
Sem 1 (Feb)	LAWS7023 Business and Corporate Law (2 units)	MGTS7619 Leadership: Theory and Practice (2 units)	MGTS7303 Principles of Strategic Management (2 units)	MGTS7601 Managing Organisational Behaviour (2 units)
Sem 2 (July)	LAWS7026 Corporate Governance Law & Practice (2 units)	MGTS7635 Cyber Security Human Capital Leadership (2 units)	Program Elective (2 units)	CYBR7901 Capstone Project 1 (2 units)
Sem 1 (Feb)	BISM7620 Cyber Security Risk Management & Control (2 units)	Leaderhip Elective (2 units)	CYBR7902 Capstone Project 2 (4 units)	

MCyberSec Core Courses: 8 units
Leadership Compulsory Courses: 6 units
Leadership Foundational Courses: 8 units
Leadership Elective Courses: 2 units
Program Elective: 2 units
MCyberSec Capstone Courses: 6 units
