Girls Do Cyber 2022

Tuesday 27 September 2022 | 10:00am–2:00pm

Calling all girls in years 8-10 who are looking do something fun and worthwhile to do during your school holidays.

This workshop will give you a greater understanding of the world of cyber security and all of its career possibilities including:

❑ Why cyber security can lead towards rewarding career

❑ What study pathways are on offer here at UQ

❑ Find out all about the Australian Signals Directorate's CyberEXP initiative

This free workshop will also allow you to learn more about the UQ Cyber Squad student society and mentors and meet a panel of recent graduates and senior university students.
