

Master of Engineering Science (Electrical Engineering)

Complete 16 units from the MEngSc (Electrical Engineering) course list including:

- 4 units for all
- 2 to 8 units from
- 4 to 10 units from
- 0 to 4 units from

Compulsory Courses

Research Project Courses

Discipline Electives

Breadth Electives

Choose between a 2-unit thesis or a 4-8 unit thesis:

► 2 unit thesis (1 semester):

Sem 1	ENGG7302 Advanced Computational Techniques in Engineering <i>1+2</i>	REIT6811 Research Methods <i>1+2</i>	Discipline Elective OR Breadth Elective	Discipline Elective
Sem 2	Discipline Elective	Discipline Elective	Discipline Elective OR Breadth Elective	REIT7820 Research and Development Project <i>1+2</i>

► 4-8 unit thesis (2 semesters):

Sem 1	ENGG7302 Advanced Computational Techniques in Engineering	REIT6811 Research Methods <i>1+2</i>	Discipline Elective OR Breadth Elective	REIT7841/7842** Research & Development Methods & Practice <i>1+2</i>	OR	REIT7881/7882** Research & Development Methods & Practice <i>1+2</i>
Sem 2	Discipline Elective	Discipline Elective	Discipline Elective OR Breadth Elective			

Selected courses must include a minimum 8 units at level 7 and a maximum 4 units at level 4.

Seek advice from the School if you have any questions or fail a course - studentenquiries@eecs.uq.edu.au. Future course offerings are subject to change. Study plan published 2026.

1+2 Course offered in both Semester 1 and 2.
